### Model BT-TR001

## Luxurious Hydraulic Stretcher

Size: 2100\*850\*630-950mm

#### Material:

- 1) Pump: Two separate American hydraulic Pump
- 2) The frame is cold-rolled steel tube, mattress surface is steel, electrostatic powder coating,
- 3) aluminum alloy handrails,
- 4) With CPR handle at head side
- 5) Back board is with x-ray cassette, electric panel made in America
- 6) Hydraulic control panel
- 7) Rise-and-fall fifth guide wheels with shock proof system
- 8) Diameter of central silent castor: 200mm, central brakes at head side and foot side
- 9) Back section is controlled by spring, foot rest controlled manually
- 10) push bars at head and foot side
- 11) Protective corner bumpers at 4 corners
- 12) ABS base cover with oxygen cylinder holder
- 13) Maximum loading capacity: 250kgs
- 14) With I.V. pole, I.V pole holders, 6cm thickness PU cover water proof mattress with straps

#### 5-function:

- 1) Backrest max upward angle: 75°
- 2) Footrest Max upward Angle: 45°
- 3) Height adjustment: 630-950mm
- 4) Trendelenburg: 12°
- 5) Anti-trendelenburg: 12°

### Model BT-TR002

## Luxurious Manual Transport Stretcher

Size: 1930\*640\*500-900mm

#### Material:

- 1) The frame is cold-rolled steel tube, electrostatic powder coating,
- 2) ABS handrails,
- 3) With CPR handle at head side
- 4) Mattress surface is abs material
- 5) Rise-and-fall fifth guide wheels with shock proof system
- 6) Diameter of central silent castor: 150mm
- 7) Back section is controlled by spring
- 8) ABS base cover with oxygen cylinder holder
- 9) Maximum loading capacity: 250kgs
- 10) With I.V. pole, I.V pole holders, water proof mattress with straps

#### 2-function:

- 1) Backrest max upward angle: 75
- 2) Height adjustment: 500-900mm

Model BT-TR003

Luxurious Connecting stretcher trolley for operation room

Size: 3650\*640\*640-970mm

Specification:

- 1) Each trolley structure is made of aluminum alloy, durable
- 2) Railway for connecting 2 stretchers is also made of aluminum alloy, durable
- 3) Two ABS side rails
- 4) Bottom platform is imported PP material
- 5) Locking function with central locking system
- 6) Stretcher can be locked automatically with the trolley, and stretchers can be moved smoothly when these two trolleys are at the same level
- 7) Two trolleys join together, lift and down seperately
- 8) Back section is controlled by spring
- 9) With I.V. pole, 8cm thinkness PU cover water proof mattress
- 10) Locking function with central locking system, dia 150mm
- 11) Maximum loading capacity: 150kgs

Function:

- 1) Backrest max upward angle: 75 °

Model BT-TR004

Luxurious Connecting stretcher trolley for operation room

Size: 3650\*640\*640-970mm

Specification:

- 1) Each trolley structure is made of aluminum alloy, durable
- 2) Railway for connecting 2 stretchers is also made of aluminum alloy, durable
- 3) Two steel side rails
- 4) Bottom platform is steel material
- 5) Locking function with central locking system
- 6) Stretcher can be locked automatically with the trolley, and stretchers can be moved smoothly when these two trolleys are at the same level
- 7) Two trolleys join together, lift and down seperately
- 8) Back section is controlled by spring
- 9) With I.V. pole, 8cm thinkness PU cover water proof mattress
- 10) Locking function with central locking system, dia 150mm
- 11) Each trolley with Rise-and-fall guide wheels
- 12) Maximum loading capacity: 150kgs

Function:

- 1) Backrest max upward angle: 75 °

## Model BT-TR005

### Luxurious Hydraulic Stretcher

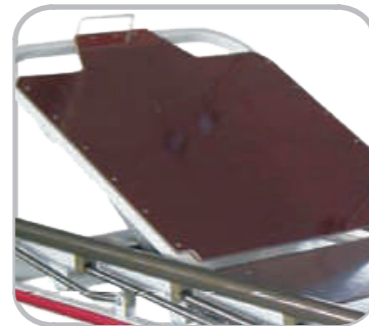

Size: 2100\*850\*630-950mm

#### Material:

- 1) Pump: Two separate American hydraulic Pump
- 2) The frame is cold-rolled steel tube, mattress surface is steel, electrostatic powder coating,
- 3) aluminum alloy handrails,
- 4) With CPR handle at head side
- 5) Full mattress surface is for x-ray, electric panel made in America
- 6) Hydraulic control panel
- 7) Rise-and-fall fifth guide wheels with shock proof system
- 8) Diameter of central silent castor: 200mm, central brakes at head side and foot side
- 9) Back section is controlled by spring, foot rest controlled manually
- 10) push bars at head and foot side
- 11) Protective corner bumpers at 4 corners
- 12) ABS base cover with oxygen cylinder holder
- 13) Maximum loading capacity: 250kgs
- 14) With I.V. pole, I.V pole holders, 6cm thickness PU cover water proof mattress with straps, with monitor tray

#### 5-function:

- 1) Backrest max upward angle: 75°
- 2) Footrest Max upward Angle: 45°
- 3) Height adjustment: 630-950mm
- 4) Trendelenburg: 12°
- 5) Anti-trendelenburg: 12°

## Model BT-TR006

### Luxurious Hydraulic Stretcher Cart with Weight System

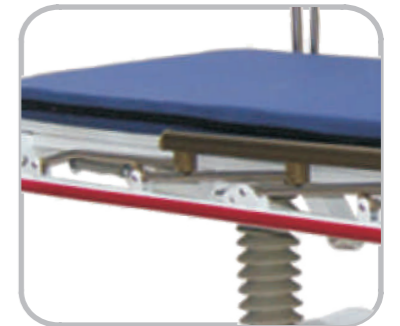

Size: 2100\*850\*630-950mm

#### Material:

- 1) Pump: Two separate American hydraulic Pump
- 2) The frame is steel, aluminum alloy handrails
- 3) With CPR handle
- 4) Full bed platform can be for x-ray
- 5) Bottom platform is steel material
- 6) Hydraulic control panel
- 7) Rise-and-fall guide wheels
- 8) With I.V. pole, 8cm thickness PU cover water proof mattress
- 9) Maximum loading capacity: 150kgs
- 10) Back section is controlled by spring, foot rest controlled manually
- 11) Locking function with central locking system
- 12) Weighing accuracy: 0.02kg or 0.05kg

#### 5-function:

- 1) Backrest max upward angle: 75°
- 2) Footrest Max upward Angle: 45°
- 3) Height adjustment: 630-950mm
- 4) Trendelenburg: 15°
- 5) Anti-trendelenburg: 15°

Model BT-TR007

Luxurious Electric Rise-and-Fall Stretcher Cart

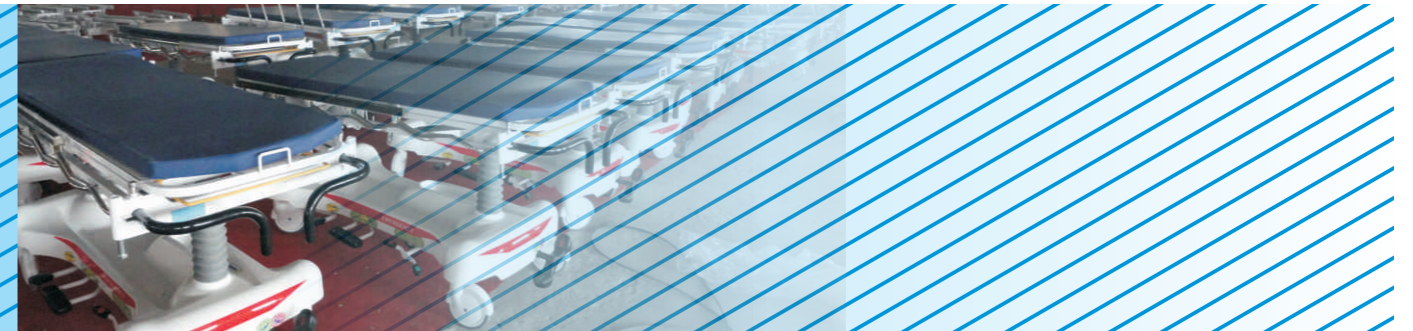

Size:2100\*850\*720-950mm

Material:

- 1) Linak electric motors
- 2) The frame is steel, aluminum alloy handrails, 3) With CPR handle
- 4) Full bed platform can be for x-ray
- 5) Bottom platform is steel material
- 6) Electric control panel
- 7) Rise-and-fall guide wheels
- 8) With I.V. pole, 8cm thickness PU cover water proof mattress
- 9) Maximum loading capacity:250kgs
- 10) Back section is controlled by spring, foot rest controlled manually
- 11) Locking function with central locking system

5-function:

- 1) Backrest max upward angle: 75 °
- 2) Footrest Max upward Angle:45 °
- 3) Height adjustment: 720-950mm
- 4) Trendelenburg: 15 °
- 5) Anti-trendelenburg: 15 °

Model BT-TR008

Luxurious Hydraulic Stretcher

Size: 1930\*700\*630-930mm

Material:

- 1)Pump:Two separate American hydraulic Pump
- 2)The frame is cold-rolled steel tube, electrostatic powder coating
- 4)Abs handrails,
- 5)With CPR handle at head side
- 6)mattress surface is abs material
- 7)Hydraulic control panel
- 8)Rise-and-fall fifth guide wheels with shock proof system
- 9)Diameter of central silent castor: 200mm, central brakes at head side and foot side
- 10)Back section is controlled by spring
- 11)ABS base cover with oxygen cylinder holder
- 12)Maximum loading capacity:250kgs
- 13)With I.V. pole, I.V pole holders, water proof mattress with straps

4-function:

- 1) Backrest max upward angle: 75°
- 2) Height adjustment: 630-950mm
- 3) Trendelenburg: 12°
- 4) Anti-trendelenburg: 12°

Model BT-TR009

Luxurious Electric transport stretcher

Size: 1930\*640\*540-840mm

**Specification:**

- 1) Linak electric motors
- 2) Electric control pedal
- 3) The frame is steel, abs handrails
- 4) Bottom platform is imported PP material
- 5) With CPR handle
- 6) Rise-and-fall guide wheels
- 7) With I.V. pole, 6cm thickness mattress
- 8) Maximum loading capacity:150kgs
- 9) Back section is controlled by spring
- 10) Locking function with central locking system

**2-function:**

- 1) Backrest max upward angle: 75 °
- 2) Height adjustment: 540-840mm

Model BT-TR010

Luxurious Electric transport stretcher

Size:1930\*700\*630-930mm

**Material:**

- 1) Linak electric motors
- 2) The frame is steel, abs handrails
- 3) With CPR handle
- 4) Full bed platform can be for x-ray
- 5) Bottom platform is imported PP material
- 6) Electric control panel
- 7) Rise-and-fall guide wheels
- 8) With I.V. pole, 6cm thickness water proof mattress
- 9) Maximum loading capacity:250kgs
- 10) Back section is controlled by spring, foot rest controlled manually
- 11) Locking function with central locking system

**4-function:**

- 1) Backrest max upward angle: 75 °
- 2) Height adjustment: 720-950mm
- 3) Trendelenburg: 15 °
- 4) Anti-trendelenburg: 15 °
